Extension on Site Plan and Building Permit

Dear Jennifer,

I'm writing to you to ask for an extension on the site plan and build permit for our hotel, located on 12361 S Minute Man Drive.

The reason being is the price of lumber and materials has sky rocketed, experts say in the next 6 to 8 months prices should start dropping and we will resume building once it does.

Financing approved and ready to go.

Thank you

Alan Summerhays C/M Kristine Properties LLC.
